---

A PROUD CONTINUATION OF THE CODENWARRA WAGYU LEGACY AND GENETICS

## *Platinum Wagyu Sale*

SEPTEMBER 16TH, 2022  
10AM

# AuctionsPlus

## How to Register and Bid on AuctionsPlus

1

Go to [www.auctionsplus.com.au](http://www.auctionsplus.com.au) to register at least 48 hours before the sale.

2

Select “**Sign Up**” in the top right hand corner.

3

Fill out your name, mobile number, email address and create a password.

4

Go to your emails and confirm the account.

5

Return to AuctionsPlus and log in.

6

Select “**Dashboard**” and then select “**Request Approval to Buy**”.

7

Fill in buyer details and once completed go back to Dashboard.

8

Complete buyer induction module (approx. 30 minutes).

9

AuctionsPlus will email you to let you know that your account has been approved.

10

Log in on sale day and connect to auction.

11

Bid using the two-step process – unlock the bid button and bid at that price.

12

If you are successful, the selling agent will contact you post sale to organise delivery and payment.

For more information please contact us on:

Phone: (02) 9262 4222

Email: [info@auctionsplus.com.au](mailto:info@auctionsplus.com.au)

## PIONEERING WAGYU STUD ENTERS NEW CHAPTER

A new chapter is being written in the 'Codenwarra Wagyu' story with the property and stud selling to the next generation in Michael and Susan McCosker. The family has amalgamated Codenwarra Wagyu with their stud, 'Marathon Wagyu'.

The property 'Codenwarra', located just outside the town of Emerald in the heart of central Queensland, was first purchased by the McCosker family in 1929. For almost seven decades, the family raised sheep, bred Hereford cattle, and grew crops on the land.

In 1997 John and Robin McCosker became pioneers of the Australian Wagyu industry when they purchased fullblood bulls and began the Codenwarra Wagyu herd. In 2000 John and Robin purchased fullblood embryos and Codenwarra Wagyu Stud was established. Now, almost 100 years since the property was first bought by the family, Codenwarra is entering a new phase.

*"We are really excited to  
continue the legacy our family  
began all those years ago,"  
Michael McCosker said.*

Mr McCosker said with the science behind breeding and genetics advancing, it was also a time of great change for the industry more broadly.

"Through artificial insemination and embryo transfer we have been able to take leaps and bounds really quickly."

*"We have been working hard to pursue the proven growth and carcass traits that the industry is seeking."*

"We are constantly collecting and analysing data, from gestational periods through to kill data and everything in between, and we believe that adds value and paints a clear picture for our clients of what they can expect when they invest in Marathon Wagyu animals or genetics."

Marathon Wagyu's first sale since its amalgamation with Codenwarra Wagyu will take place online in September.

*"It's a big milestone for us and we are planning to offer some impressive animals in our first Marathon Wagyu sale," , "Mr McCosker said.*

"We've got 20 bulls lined up and they've all got elite breeding and figures." Mr McCosker said there would also be eight proven females available at the auction.

"All of these bulls and females come from the strong and proven bloodlines the industry has come to expect from Marathon and Codenwarra Wagyu animals and leading industry genetics."

## **SUMO CATTLE CO HIRASHIGETAYASU E 148 (AI) (ET) (SMOFE0148)**

E148 was used in the Codenwarra Wagyu herd for over 10 years, producing exceptional quality breeders with proven and reliable maternal and carcass traits.

With over 300 progeny analysed, his progeny are averaging 200kg at weaning (straight off mum, no assistance), 360kg at 400 days and 555kg at 600 days. E148 has had 25 progeny slaughtered, averaging MSA marbling score 9 and a HSCW of 456kg.

## **MARATHON MICHIFUKU P0011 (ET) (MSMFP0011)**

P0011 is one of Marathon Wagyu's impressive upcoming sires. His sire, Sumo Cattle Co Michifuku F154, is a well balanced animal known for his maternal and carcass traits. P0011's dam, Codenwarra X0097 is a first generation Terutani 40/1 daughter. P0011 has outstanding carcass traits boasting a MS of 2 with carcass weight of +67. In 2021 P0011 had 75 progeny which averaged 231kg at weaning.

CODENWARRA HIRASHIGETAYASU L 1299 (MCKFLO 1299)

As the son of Sumo Cattle Co Hirashigetayasu E148 (AI) (ET), L1299 has inherited proven and reliable maternal and carcase traits. His mother MCKFC0345 is a double cross TF148 female going back to the Chiyotake and Hikohime maternal lines. L1299 is now deceased, however due to early recognition of his superior genetics a limited number of straws are available.

SUMO CATTLE CO MICHIFUKU G002 (AI) (SMOFG0002)

Sumo Cattle Co Michifuku G002 is a proven bull with high accuracy EBV's. G002 is 1 of 4 animals from sire World K's Michifuku that has accuracy over 90% on maternal traits and 70% on carcase traits, sitting beside industry leading bulls Sanjirou, F126 and Katsumi. Carcase data results demonstrate G002's potential with an average marbling score of 8, HSCW of 433kg and EMA of 86.2.

# MARATHON WAGYU HERD SIRE CARCASE DATA SUMMARY

Marathon Wagyu prides itself in extensive data collection throughout the life of its animals. Below is an insight into carcase data collected from their herd sires progeny.

Bull Society ID	No. Carcases	Average MS	Average CWT (kg)
